GFWC Huntsville Woman's Club
[REDACTED]

Dear Susan,

Thank you for your recent donation to the *Heels for HEALS* program! Your in-kind gift of four pairs of shoes, which we received on 5/7/2018 will certainly help children stay on the path to healthy living! Please keep this acknowledgement of your gift for your personal records. HEALS, Inc. is a 501(c)3 tax-exempt non-profit organization. No goods or services were received in return for your gift.

Beyond the bright smile and boost in confidence the shoes present to the children, this program also serves as a much needed incentive for the parents to bring their children to this important yearly visit. *Heels for HEALS* enhances the relationship between HEALS and the family, instills a feeling of trust, and serves as a reminder for parents and children of the value of good health and hygiene. We appreciate your generous contribution to continue the growth of this program.

Many thanks for helping children "step" into success!
